OFFICE OF THE PRESIDENT

## BROWARD COMMUNITY COLLEGE

Dear Student:

Welcome to Broward Community College! We are most pleased that you have selected this fine Institution in furtherance of your higher educational objectives.

Broward Community College is a vigorous, growing institution serving the thousands of residents of this area. The College offers programs for those students planning to transfer to upper division institutions, for others who plan to pursue and continue careers in this area, and for those seeking personal enrichment or professional improvement. We have gained a national reputation as a leading urban, comprehensive community college serving the diverse needs of our area.

Broward Community College is a teaching institution, and facilitating your individual learning is our most important endeavor. We encourage you to call on us to assist you in every possible way in the pursuit of your higher education objectives.

On behalf of the entire College family, let me extend a most cordial welcome. We are confident that your time with us will be a pleasant and rewarding experience.

Sincerely yours,

A. Hugh Adams  
President

AHA/jhw

225 EAST LAS OLAS BOULEVARD FORT LAUDERDALE FLORIDA 33301 (305) 761-7401

### EQUAL ACCESS/EQUAL OPPORTUNITY OFFICE

Every person is guaranteed full and equal treatment under the Law. The office of Equal Access/Equal Opportunity is in operation to insure that no person is denied entry or opportunity to any facility or educational pursuit because of Race, Creed, Color, Handicap, Veterans' Status, Sex, or Age. All students are encouraged to participate in student activities of their choice, and should expect equal acceptance and treatment as a participant.

The office of Equal Opportunity is located on the Fort Lauderdale Campus, 225 East Las Olas Boulevard. Students are invited to call for information regarding this area. 761-7491 or 761-7481.

"BCC IS AN EQUAL ACCESS/EQUAL OPPORTUNITY INSTITUTION"

## **PREFACE**

The student handbook of Broward Community College is published each summer by the Student Activities Office. Its purpose is to provide you with a reference for campus activities, student life, and college procedures.

It is noted that although the information contained is carefully collected it will not take the place of talking to someone. Faculty, administrators and college staff members have chosen this college as the place for their work, and meeting you is part of this experience.

In a large community college many students may come and go without meeting those who are a part of it. Make every effort you can to introduce yourself. Meet professors, deans, and academic advisors. You will be glad you did.

The information in the Student Handbook should be used in conjunction with the college catalog.

# ACADEMIC DIVISIONS

## DIVISION OF MATH AND SCIENCE

The Division of Mathematics and Science offers the student an opportunity to study the mathematical and scientific concepts necessary for general education requirements, as well as further study in the areas of engineering, mathematics, science and related fields.

Suggested program sheets are available in Biology, Chemistry, Engineering, Forestry, Geology, Optometry, Pharmacy, Medicine, Dentistry, Veterinary Medicine, Chiropractic, Astronomy, Mathematics, Physics, and Agricultural Science.

### MATHEMATICS

The Mathematics Curriculum has course offerings covering a variety of needs. Course pre-requisites for physics, engineering and business are included. Entering students will be assigned to the mathematics course best suited to their needs and abilities based on results from placement test scores. MAT 0002 and MAT 1013 are basic studies courses designed to correct deficiencies in the student's mathematics background. Neither MAT 0002 or MAT 1013 will count toward General Education Mathematics requirements for graduation. MAT 1022 and MGF 1202 (MGF 1204, 1205, 1206) are the recommended courses for students needing only six semester hours of mathematics. For students majoring in mathematics, science, and for other students needing two or more semester of mathematics, the following sequence of courses is available: MAT 1033, MAC 1132, MAC 1133, MAC 2311, (MAC 2301, 2302) MAC 2312 (MAC 2303, 2304), MAP 2302, MAS 2103. MAS 2103 may be taken following MAC 1132. MTB 1304 is a non-sequential service course which may be taken concurrently with any other mathematics course. MTB 1320, MTB 1321 and MTB 1322 are designed to meet the needs of students in technical and specialized programs. STA 2013 may be used to satisfy three of the six semester hours of the required mathematics provided that MGF 1202 is excluded from the six hours. AA-degree seeking students are encouraged to take the BCC-College Level Academic Skills Test (BCC-CLAST) in Mathematics prior to his/her term of graduation. The BCC-CLAST in Mathematics is available in the Learning Resource Center on each campus.

## BIOLOGICAL AND PHYSICAL SCIENCES

The Biology Department offers courses in Biology, Anatomy, Physiology, Microbiology, Botany, and Zoology and their attendant laboratories. In the Physical Sciences Department, courses in Astronomy, Chemistry, Geology, Physics, and Physical Science, some with accompanying laboratories, are offered. Some lecture and laboratory courses are co-requisites. The student should consult the catalog in order that he may be aware of this and enroll correctly.

The course offerings cover a variety of needs including courses for science majors as well as students in related fields. In addition, courses are provided to meet the general education requirements for non-science majors and the specialized needs of technical students. Many of the science courses are sequential. Students beginning sequence courses such as APB 1190-1191, CHM 1040-1041-1045-1046, CHM 2210-2211, PHY 2048-2049, should plan to complete the sequence in this college to avoid transfer problems.

### COMMUNICATIONS

Communication is . . .

- taking a photograph
- using sign language for the deaf
- speaking French
- writing a love letter
- giving a speech before the City Commission
- talking out a problem with someone who needs help
- writing a formal research paper
- sending a letter to the editor
- doing a feature article for the Phoenix, Polaris, or New Horizons
- teaching someone to speak English
- reading a chapter in psychology
- writing a poem or short story for Pan Ku, or Inner Shores

The Communications Division at Broward Community College has courses and programs to help you enhance any or all of the above skills - except perhaps the third one. A staff of instructors, each an expert in his or her field, is available to work with you in class and individually.

For more detailed and specific information on courses, credits, graduation requirements, possible

major fields of study within the communications area, you should consult the college catalog, the Counseling Office, a department head, a particular instructor or a publications advisor.

So, if your goal is to improve your skills in reading, writing, speaking, and listening, the Communications Division is the place to do it. Good Luck!

## **HEALTH, PHYSICAL EDUCATION, RECREATION, AND DANCE**

"The Department of Health, Physical Education, Recreation and Dance is committed to the wellness and the development of the health consciousness of students." Special emphasis is placed on wellness and fitness in a series of courses entitled Health/-Fitness, Weight Training, Yoga, and Jogging. Students are encouraged to enroll in at least one of the wellness series courses in order to develop a fit lifestyle. The theme of wellness and fitness continues throughout the remaining HPRD activities in which students can continue to participate for a lifetime. To enhance the health consciousness of students, a lecture course on Personal Health can be taken for elective credit.

All activity courses are 1 hour credit except Health Fitness which is 2 credit hours. Non-swimmers are encouraged to enroll in a beginning swimming course."

All A.S. degree programs require two credit hours of HPRD activity classes and all A.A. degree programs require 4 credit hours of HPRD activity classes. No exemptions shall be permitted from A.S. or A.A. degree HPRD requirements because of age, veterans status or medical reasons. (Note: Students with medical restrictions or physical limitations may, with a physician's approval participate in any HPRD class specifically designated for the medically restricted with permission of the HPRD Department Chair. Students with total activity restriction may enroll in designated HPRD lecture classes with medical verification which is approved by the HPRD Department Chair).

The following Health, Physical Education, Recreation and Dance are 3 credit lecture courses and can be taken for elective credit but do not satisfy the required credit hours of activity: DAA1376, DAA2840, DAA2841, DAA2842, HES1400, HES2000, LEI1000, LEI1310, LEI1700, LEI1800, PEO1002, PEO1341, PEO2321, PEP2201, PEQ1101, PEO1003, PEG2115, PEQ2231, PET1000

Students cannot receive credit for a beginning course after they have gained credit in the intermediate sequence of a particular sport. For example,

a student cannot get credit for Beginning Tennis after taking Intermediate Tennis. Nor can a student take a beginning and an intermediate sequence of the same sport concurrently.

Apparel that meets the approval of the Physical Education Department must be worn by the student.

Students should be aware that participation in physical activity carries a degree of risk. Therefore, students are expected to follow instructions and safety precautions given by the HPRD instructor. Also, students must inform the instructor of any existing medical problems. (Note: The college does not carry insurance to cover accidents which occur during college classes).

## **HUMANITIES**

The Division of Humanities offers students an opportunity to investigate and acquaint themselves with the visual arts, theatre arts, music performance and music education, philosophy, and religion. Students may select courses which increase their understanding and appreciation for the arts as part of their general cultural knowledge and heritage, or they may follow a program of studies in one area leading to a major at a senior institution. The Art Department also offers an "A.S." Degree in Commercial Art. Performing activities are available to students in THEATRE, CHORUS, OPERA, BAND, ORCHESTRA, and JAZZ.

## **ENGINEERING TECHNOLOGY**

The Engineering Technology Institute offers A.S. degree programs in a variety of disciplines. Engineering technicians are educated in the theory and application of engineering principles. They are employed in a wide variety of areas from research to production. The A.S. degree is transferrable to universities offering degrees in Engineering Technology.

## **ARCHITECTURAL TECHNOLOGY**

Architectural Technology provides the basic concepts and practices employed in the architectural field. Specific problem-solving situations qualify the students for architectural drafting, specifications writing, pictorial and model presentation.

## **CONTRACTING AND CIVIL ENGINEERING TECHNOLOGY**

Contracting and Civil Engineering Technology prepares students for employment as a technician or surveyor. The course emphasizes fundamentals and techniques of construction of buildings, highways, bridges and utilities.

## **DATA PROCESSING TECHNOLOGY**

Data Processing Technology provides a succession of courses designed for the understanding of concepts, principles, and techniques involved in the electronic processing of data. The students can direct their education towards programming, management, or supplement a business education degree.

## **PEST CONTROL TECHNOLOGY PROVIDING PEACE OF MIND FOR BROWARD RESIDENTS**

Structural and Horticultural Pest Management has proven to be one of the fastest avenues to turn educational effort into financial security for those persons just entering the job market or others considering a mid-life career change.

Students with or without high school diplomas may seek the A.S. degree. Those with previous college or a college degree in other subjects may need as little as 20 semester hours to qualify to sit for the State Pest Control Examinations.

In evening courses, students are successfully guided through the technological world of insect recognition, structural pest problems, plant disease and nutritional problems, safe and effective biological and chemical pest management techniques, laws and business management.

Telephone Doug Palmer or David McLean, 475-6706, for guidance into this lucrative and satisfying area of the Public Service Industry.

## **LANDSCAPE TECHNOLOGY**

Our graduates are provided with the basic concepts and practical information necessary to succeed in either landscape design and installation or nursery production. In addition to fundamental instruction, pertinent business management techniques are taught which enable our students to enter the horticulture professions with beginning managerial capacities. Accompanying courses in exotic and native plants, tropical fruits and weed control are available as electives and can be coupled with other courses for a background in landscape management or golf course management. Please contact the Landscape Technology Department for counseling toward an exciting and profitable career in horticulture.

## **ELECTRONIC TECHNOLOGY**

Graduates of the A.S. degree program will have extensive knowledge of electronics including microprocessors, microprocessor applications, linear integrated circuits and techniques, and electronic communications.

Graduates of the one year certificate program are highly employable in the digital and communications companies in South Florida. Credits earned in this program are transferrable to the A.S. degree program.

## **CRIMINAL JUSTICE INSTITUTE**

The Criminal Justice Institute offers academic education in the Associates in Art, Associates in Science degrees and one year Certificates. These programs are available to pre-service and in-service students in the area of Criminal Justice, Corrections, Law Enforcement, and Crime Science Technology.

The Institute is certified by the Florida Criminal Justice Standards and Training Commission as a Training Center for both Police and Corrections entry and advanced programs.

The Criminal Justice Institute, in cooperation with all Criminal Justice agencies in Broward County, strives to meet their needs through the above programs and through the presentation of workshops and seminars presented by local, state and national experts who are qualified in specific areas.

The Institute operates with the combined support of the College, the Broward School Board, the Chiefs of Police Association, Region XIII of the Law Enforcement Training Trust Fund, and the Criminal Justice Standards and Training Commission.

## **FOREIGN STUDY PROGRAM**

Broward Community College provides students with several opportunities to enroll in an overseas academic program. It is recognized that students will benefit from the added dimension to their education by participating in a foreign study experience. BCC has conducted study programs in foreign locations since 1974. Students participating in these programs receive transferable college credit. Both short-term (summer) and long-term (semester) programs are offered. Examples of study-abroad programs offered at BCC include:

**SEMESTER-IN-SPAIN PROGRAM:** The BCC Center in Spain was established in 1979 to provide students with an opportunity to study for several months in a foreign country at reasonable cost. Students live and attend classes in the beautiful city of Seville, Spain, and earn 15-18 semester hours credit by participating in the program. Unlike other programs in Spain, the Broward program does not require proficiency in Spanish — any student may participate as the language of instruction is English. Students participating in the Spain Program may choose from several housing options including Spanish families, dormitories, and pensions. The approximate per student cost is \$2300 per semester, including air fare.

**COLLEGE CONSORTIUM FOR INTERNATIONAL EDUCATION (CCIS):** Broward Community College is an active member of the College Consortium for International Studies, a national organization founded for the purpose of providing high quality international/intercultural programs abroad. As a result of this membership in CCIS, Broward offers semester-length academic programs in over a dozen countries including England, France, Germany, Italy, and Israel. Students earn BCC credits when they enroll in any of these programs.

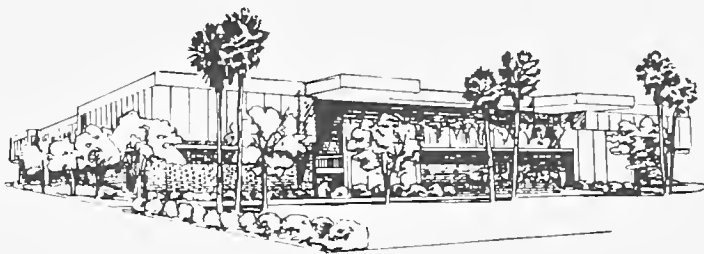

**SUMMER FOREIGN-STUDY PROGRAM:** Broward Community College also conducts several short-term overseas academic programs in foreign locations during the summer terms. These courses, which are open to any interested person in the community as well as currently enrolled students, provide an excellent opportunity to combine the foreign travel experience with academic instruction. By taking advantage of group rates and favorable arrangements with area travel agents, the College is able to offer these overseas academic programs at considerable savings. All foreign-study courses combine on-campus instructions with the foreign travel experience. Participants typically earn six semester hours of credit in a variety of subjects; many courses are of an interdisciplinary nature. These courses are fully accredited and may be applied toward a degree at BCC or used for other purposes such as certificate renewal and/or incentive awards for public school teachers. Approximately five different study-tours are offered each summer, with opportunities to study in Europe, the Middle East, Mexico, and The Orient.

Dr. William Greene,  
 Director of International Education 973-2206  
 Dr. Al Caballero,  
 Spain Program Coordinator 475-6637

Ms. Mimi Markus,  
 Israel Program Coordinator 475-6757  
 Dr. Eric Reno  
 England Program Coordinator 963-8838

## DIVISION OF SOCIAL SCIENCES

The Division of Social Sciences offers academic courses in three program areas: University Parallel, Certificate and Non-Credit. The objectives of the Division as reflected in the nine discipline areas are to acquaint the student with the various aspects of humans in relation to their culture, environmental behavioral patterns, heritage, and political institutions. The Division of Social Sciences also offers three special programs in the areas of Education: a certificate program for Teachers of Private Nursery School and Kindergartens, and Associate in Science Degree programs in Secretarial Teacher Aide, and Teacher Aide.

## ALLIED HEALTH CENTER CAMPUS

Broward Community College offers eleven health-related programs leading to an A.S. degree or certificate: Dental Assisting, Dietetic Technology, Emergency Medical Technology, Nursing Technology, Physical Therapist Assisting, Respiratory Therapy, Radiologic Technology, Radiation Therapy and Ultrasound. Admission to these programs is limited because of clinical facilities and staff.

Upon completing general requirements for admission to the College, an applicant must submit the appropriate Allied Health program application to the admissions clerk. The admissions clerk monitors the admissions procedures for all prospective Allied Health students.

Criteria used in selecting students vary from program to program but generally include high school diploma or equivalent, grade point average, reading and mathematics test scores, letters of reference, and physical records.

Applicants not accepted into a program may re-apply by informing the admissions clerk who will re-process the applications.

## OPEN COLLEGE

If traveling to a campus presents a problem, Open College provides a solution. Open College provides college credit courses by directed study (most on television, radio or audio-cassettes) so that students may remain at home while taking classes and travel to campus for examinations only a few times each term.

The variety of courses offered through Open College allows students to make significant progress toward the Associate in Arts degree from Broward Community College. During the academic year,

students may choose from courses offered in social sciences, composition, humanities, sciences, business, and other areas!

Each Open College course carries regular college credit and each is equivalent to the courses offered on campus. The requirements for the courses include lectures on television, radio, or audio-tapes in place of formal classroom sessions. Students in Open College courses and the faculty members in charge of those courses maintain contact with each other by mail and telephone, through discussion sessions and, of course, the examination sessions.

Information about the schedule of Open College courses may be found in the registration centers, in the Open College Catalog or in the Open College office in Building 1, Room 116, Central Campus or by calling 475-6603.

Students will find that participating in Open College courses can be a convenient and valuable educational experience.

# GENERAL INFORMATION

## STUDENT PUBLICATIONS

Student Publications and the student press are a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. They are a means of bringing student concerns to the attention of faculty and the institutional authorities and of formulating student opinion on various issues on the campus and the world at large. In addition, student publications serve as a training opportunity for students interested in professional journalism.

The editorial freedom of student editors and managers entails corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo.

The College will insure free and responsible media and will not censor or approve copy in advance.

All College published and financed student media shall explicitly state that the opinions expressed are not those of either the faculty or students of Broward Community College.

All media are expected to observe the standards of their respective professions.

These statements are to be considered as supplementary to the established policies of the Board of Trustees as they relate to student publications.

Central Campus: The Phoenix, Newspaper  
North Campus: The Polaris, Newspaper  
South Campus: New Horizons, Newspaper  
Tri-Campus Literary Magazine: P'an Ku.

All students are urged to work on these publications.

## SECURITY

"All students are required to have a parking decal which is available at the Security Offices in Building 07, first floor, Central Campus; Building 48 at the North Campus; and in Building 71 at the South Campus. There is no charge for decals.

Traffic rules include obeying all posted signs, as well as parking in designated areas. Students may park in any unreserved area. Parking on the grass is not permitted. Those students who utilize the Handicap parking must have either a State Handicap Tag, or a Temporary Handicap permit issued by the Security Department. Applications for special parking permits may be obtained from the Security Offices on Central and North Campus, and the Handicap Affairs Office on South Campus. These require the signature of a licensed Florida physician.

Traffic rules and regulations are enforced, and parking citations will be issued to those students violating them. Booklets may be obtained at the Security Office on each campus. Fine rates are available in the Security Offices, and must be paid on time or late penalties will be assessed. If not paid by the end of the term, grades will be withheld.

### **PROGRAM FOR RETURNING STUDENTS**

Workshops and classes are provided on all three campuses which serve to help women explore career and educational options through self-assessment, assertive training, career exploration, decision making, resume writing, job seeking and job seeking skills. The goal is to foster independence and the ability to make carefully thought out decisions. (Services include short courses, special programs, workshops, individual assessment and referral.) These activities are open to all students and community residents and include referral, support and programming. The Office of Women's Affairs in cooperation with Counseling and Community Services furnish a cooperative, supportive network for women who are "On Their Way" at Broward Community College.

Contact the program coordinator on your campus for current programming.

Central 475-6600  
South 963-8815  
North 973-2232

### **ACADEMIC HONORS**

The President's List includes the names of students carrying twelve (12) or more semester hours who have a grade point average of 4.0.

The Dean's List includes the names of students carrying twelve (12) or more semester hours who have a grade point average of 3.5 to 3.99.

### **COOPERATIVE EDUCATION**

Co-op is an academic program that combines on-campus study with related work experience in area businesses, industries or government agencies. Students receive academic credit for what they learn as a result of practical experience in their chosen field.

### **HONORS AT GRADUATION**

Completion of a minimum of 40 semester hours in Broward Community College is required to be eligible for Honors. The calculation of the grade point average for honors include Broward Community College records of all previous work attempted.

Students who achieve a high level are accorded honors at graduation as follows:

With Honor - a grade point average of 3.250-3.499

With High Honor - a grade point average of 3.500-3.749

With Highest Honor - a grade point average of 3.750-4.000

Members of Phi Theta Kappa Scholastic Honorary Society wear gold stoles and tassels at graduation.

Graduates of the Honors Institute also are recognized at graduation.

### **EXPERIENTIAL LEARNING**

The Experiential Learning Program is developed primarily for working adults, is designed to recognize the academic value of what you have learned through your experiences outside the college classroom by awarding academic credit. This learning - referred to as prior experiential learning - may result from such activities as work-experience, employment-related training programs and seminars, volunteer work, travel, military service or intensive self-directed study. In short, it is a way of recognizing your learning regardless of the circumstances under which it was acquired.

If you believe that you have acquired competencies through non-college experience which are equivalent to competencies taught through college courses, you are encouraged to apply for credit through assessment of prior experiential learning.

### **AUTOMOTIVE TECHNOLOGY**

Automotive Technology provides advanced training in the servicing of state-of-the-art automotive products. Coursework includes technical and academic courses and cooperative education field experience.

# BOOKSTORE

Central, North and South Campus Bookstores are the main sources for required books and supplies. New and used books, general college supplies, art and engineering supplies and many non-required items are available. Extra services include special orders for books, class rings, and the buying back of student's used books.

## FINDING YOUR BOOKS

Textbooks are arranged on the shelves alphabetically by common course numbers. Labels that show "REQUIRED BOOK" indicate that all instructors use the same book for that particular course. Labels that show "ATTEND CLASS BEFORE BUYING THIS BOOK" indicate that you must attend class first - your instructor will tell you which books you will need.

## BUY BACK POLICY

The Bookstores pay 50% of the new price for clean good textbooks. Overstocked books and old editions are sometimes bought at reduced prices depending on the possibility of re-sale. Workbooks and lab manuals are not bought back.

## REFUND POLICY

Refunds are granted in full during the period beginning two weeks prior to first day of classes until two weeks thereafter. You must present a valid cash register receipt, fee card and two proper ID's.

## LOCATION

Central Campus Bookstore is located in Bldg. 20.  
North Campus Bookstore is located in Bldg. 48.  
South Campus Bookstore is located in Bldg. 71.

## HOURS

All the bookstores are normally open from 7:45 a.m.-7:15 p.m., Mondays through Thursdays; Friday hours are from 7:45 a.m. to 3:30 p.m. **ALL BOOKSTORES ARE OPEN EXTRA HOURS DURING TERM OPENINGS.**

# STUDENT DEVELOPMENT

Broward Community College welcomes you - and hopes that you will use your time, talents and efforts while here to produce a happier and more productive life. We, the Student Development staff, faculty and administration will help you develop and achieve your goals. Student Development areas - all with unique services and functions - work together to provide the student with a total package of information, help and enjoyment. Use our services, our people, our resources on your way. Doors are open wherever you go; stop by for information, advice, help in making academic, personal, career decisions - and if the "going gets rough", a helping hand will always be available. Have a great year and future.

Leonard Bryant, Jr., Dean of Student Development  
North Campus

Katherine P. Tymeson, Dean of Student Development  
Central Campus

Susan Malter, Dean of Student Development  
South Campus

8:30 a.m.-8:00 p.m. (Monday through Thursday)  
8:30 a.m.-4:30 p.m. (Friday)

Central - Building 07, 2nd Floor  
North - Building 08, 2nd Floor  
South - Schlesinger Hall, 1st Floor

## **COUNSELORS**

Counselors are your support in resolving academic and personal problems and your resource as you explore and develop realistic life and career goals. Career interest tests and personality inventories are available as part of this process. Whether you have a problem, want information or just need to talk - the counselor is your friend - interested in you as an individual and a student.

## **CAREER RESOURCES**

Books, directories, pamphlets, and files describing hundreds of different occupations and local employers are available to help you in your search for life and career information. The system contains information on nearly 1200 occupations, programs of study in Florida institutions, nearly 2000 financial aid awards, and job openings state-wide listed with the Job Service of Florida. Inquire at the Career Center on any campus to use these resources.

## **JOB PLACEMENT**

Part-time and full-time jobs are available as part of this process. Trained advisors will help you find a job tailored to your needs, hours and skills. Help is also available in resume writing, interviewing skills - researching, and finding a career related job based on your education, experience and skills.

# **FINANCIAL AID, VETERANS AFFAIRS AND HANDICAP SERVICES**

## **FINANCIAL AID**

The Office of Financial Aid provides needed funds and financial counseling to students who cannot afford to attend college without assistance. Information on Federal and State grants, loans, employment, and scholarships is available. Assistance in understanding and completing the necessary forms is provided. Financial aid applications must be resubmitted each year. Priority consideration is given to those applications filed before April 1. If you need financial help to attend or to continue as a student at BCC, please talk with a Financial Aid Advisor.

## **VETERANS AFFAIRS**

If you are a Veteran or a dependent of a Veteran, and feel that you might be eligible for educational benefits under the current G.I. Bill, a veterans advisor will assist in establishing your eligibility and help you to understand the Veterans Affairs regulations. Contact North Campus at: 973-2330; Central Campus at: 475-6552; South Campus at 963-8868.

## **HANDICAPPED AFFAIRS**

This office has been developed for the assistance of handicapped individuals to make the appropriate adjustments to the college environment. There are three (3) Handicapped Affairs offices - one located at each of the three Broward Community College campuses. These offices have a full range of staffing available to assist each handicapped student with the necessary tools to make that individual as independent as possible (e.g. counseling, career planning, interpreter, reader, tutor, educational equipment, etc.)

## **ACADEMIC ADVISORS**

Academic Advisors will help you choose your courses based on your chosen academic program each semester and evaluate your progress as you proceed toward your career goals. If you plan to transfer to another college, advisors will help you make certain you have the necessary courses for the college of your choice.

# STUDENT ACTIVITIES

The Student Activities Office (SAO), located in the hospitality center of all campuses, offers the student a variety of extra-curricular activities. Areas funded by the Student Activities Board include: Intercollegiate Athletics, Entertainment/Concerts, Music Ensembles, Music at Noon Programs, Tuesday at the Movie Series, Intramurals, Coffeehouses, Dances, Lecture Series, Student Publication, Drama, Leadership Retreats, and Special Events.

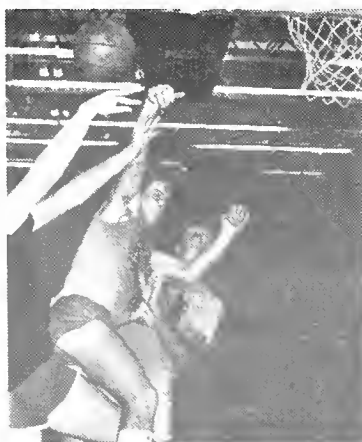

The Student Activities Office is open from 9:00 a.m. to 3:00 p.m., Monday through Friday. Activities Calendars, Student Orientation Staff (SOS) and other general information is available in the SAO.

Get involved in college life! Stop by the SAO.

## STUDENT DEVELOPMENT LEADERSHIP RETREATS

Weekend workshops available to all potential BCC student leaders. Students are active participants in sessions intended to explore and develop effective leadership methods of real-life value. BCC's own counselors moderate these sessions. Breaks are scheduled during the day for relaxation, watersports, and Tom Ryan's famous meals. You'll meet, live with and work with fellow students representing our diverse student body and appreciate them and yourself much more for the experience. A valuable weekend of personal development.

Retreats are scheduled four times a year, contact your campus Student Activities office.

## INTRAMURALS

The Intramural Program is comprised of competitive league sports, tournaments, leisure and recreation activities. Competitive league sports consist of full and half court basketball, volleyball, and flag football. The tournaments available are held either on single tournament days or on multi-tournament days. Bowling, golf, and driftfishing make up the single tournaments, with Get Together Days, and Spring Day being the multi-tournament days. Sailing Regattas and canoe races are the main events of the Get Together Days.

Hit the Bill Day consists of racquetball, handball and tennis. The main events of Spring Day are softball and swimming. Afternoon and evening activities such as the noon volleyball program; the different faculty vs. student games; the night bowling; ice skating, and roller skating make up the leisure and recreational activities program.

The entire Intramural Program is open to both men and women and all students, faculty, staff, and administration of the college. For further information, contact the Intramural Office, Building 19 (Hospitality Center).475-6753.

## SPECIAL INTEREST CLUB

### ANTHROPOLOGY CLUB

This club provides a forum for discussion of issues relative to the study of man. Dr. Clapham, advisor, Anthropology Department, Building 01, Central Campus.

## BCC SAILING CLUB

The BCC Sailing Club is a highly active club open to all BCC students and faculty who wish to pursue the exciting sport of sailing. The club's many diversified activities ensure a general interest for all to enjoy and learn. Most club activities promote amateur racing within the State of Florida and occasionally inputs to sailing development across the United States. Various club activities include sailing camp-outs at Elliot Key, Peace River Canoe Trips, cook-outs at Tigertail Lake, and other school related activities. Special events open only to sailing club members are monthly sailing regattas sponsored by the Miami Yacht Club, the Sunshine Regatta (Jan.), Midwinter Regatta (March), and the famous Mt. Dora Regatta (April). This club encourages all students with an interest in sailing, or learning to sail, to join.

The club has informal meetings every Saturday when Tigertail Lake is open at 12:30, and formal planning meetings the first Saturday of each month. A club published newsletter is available monthly to keep all interested students informed of all club related activities.

For further information on joining this highly motivated club, contact:

Bill Metcalf - Club Sponsor/Coordinator  
Mark Seldine - Club Advisor/Coordinator  
At Tigertail Lake: 989-2824

## JUDO CLUB

Training schedule for 1985-86; Monday 7-9 p.m., Central Campus, Building 11 - Mat Room; Wednesday 7-9 p.m., North Campus, Building 60 - Mat Room; Saturday 2-4 p.m., Central Campus, Building 55 - Mat Room.

The Judo Club and team participates in several judo tournaments each year, including the Florida Junior College Championship (December), the Florida College Judo Championship (April), the District VI (Gold Coast) Sports Festival Judo Championship (June) and the Sunshine State Games Judo Championship (July). Faculty Advisor and Coach: Darrell Sweeney, HPR, 475-6855.

## INTERNATIONAL CLUB

The International Club is open to all students at Broward Community College whether native North Americans or from the over 50 nations represented on our campuses. Its main objective is to further international understanding and appreciation of diverse cultures. The club meets both formally and informally throughout the school year. Club members are also available to help each other with practicing languages such as English, French and Spanish.

For more information contact the office of the club advisor - Richard Appelbaum, International Student Coordinator - 475-6609, Central Campus.

## LOS BANDITOS

An organization open to any BCC student. Its purpose is to promote the Latin heritage. Los Banditos takes an active part in all aspects of the intramural program. For more information, please contact the Student Activities Office on Central Campus.

## THE SOCIETY OF BROTHERHOOD ELITE

The Society of the Brotherhood Elite was established in January of 1981, on South Campus, and expanded to the North and Central campuses in the Winter of 1983. S.B.E. is an organization geared towards *PROMOTING ACADEMICALLY, ENLIGHTENING POLITICALLY, and MOTIVATING SOCIALLY* the students at Broward Community College. For further information, please contact Mrs. Bobby Jackson, South Campus, 963-8861; Don Cleveland, Central Campus, 463-7 70; or Idell McLaughlin, North Campus, 973-237

## THE BCC GAMERS CLUB

The BCC Gamers Club welcomes all students, faculty, staff, and alumni interested in role-playing games, sports games, conflict board games, miniature wargames, and living history activities as a past time. The club sponsors the annual GOLD-CON games convention each spring. For information concerning the Gamers Club and its activities, contact Larry Ellis at 973-2250 or John Dunn at 973-2249.

## RADIATION THERAPY TECHNOLOGY CLUB

The R.T.T. of BCC is a student organization formed by the students enrolled in Radiation Therapy Technology program at the Allied Health Center Campus. BCC's newest club, formed by the Freshman class, has declared it's dedication to assisting new class members with their education.

The senior class members have pledged to serve as tutors for the incoming class. This shall be most beneficial to new students as the core courses in the curriculum are unique to this medical modality, which uses high energy therapy units in the treatment of cancer patients. The club is planning future fund raising events. The monies raised are to be applied towards the educational needs of the class members. The R.T.T. club members are proud of Broward Community College and are looking forward to participating in student activities. Vala Wagie, Program Director, Radiation Therapy Technology, is serving as the faculty advisor.

## BROWARD COLLEGIATE ART SOCIETY

An Art Club open to all students interested in lectures and demonstration on a variety of art topics and techniques. Advisor, James Lansing, North Campus, 973-2466.

## TAE KWON DO

Korean self defense. Open to beginners and advanced students. The club at central campus meets M-W-F 1-2 p.m. Bldg. 10-209. Contact Vince Grosso Bldg. 06-237 for further information.

At North Campus the club meets M-TR 6:30 - 7:30 p.m. For information contact Floyd Vice (through HPRD)

## TAKE TWO ACTING CLUB

An exciting, active club open to all BCC students -drama and non-drama majors - who enjoy theatre, performance, music, dance, as performers and as crew workers. On and off campus shows, club activities and field trips provide performance opportunities. NO EXPERIENCE NECESSARY.

**KARATE**

Contact Larry Wilson at Central Campus for further information.

## SERVICE CLUBS

### F-TROOP

F-Troop is the bottom line in BCC Student Activities. It is composed of student "activists" in the truest sense of the word. F-Troopers can be found just about anywhere there is something to be done for the college and the community. The experiences one can attain in F-Troop are diversified, for if they haven't done it before, it's more of a challenge. Membership is open to any student who wants to learn, work hard and have fun. All you have to lose is your sanity. Contact Tom Ryan in the Student Activities Office, Central Campus.

### SOS (STUDENT ORIENTATION STAFF)

The SOS is a group of 25-30 students dedicated to helping you get off on the right foot starting college. SOS members can be contacted through the Student Activities Office on each campus. These students will help you in drop and add, advise you about activities, or just someone to talk with. The No. 1 priority for SOS is to get everyone involved.

## RELIGIOUS CLUBS

### THE HILLEL JEWISH STUDENT UNION

The Hillel Jewish Student Union strives to meet the social, cultural, religious and educational needs of the Jewish Student on BCC campuses. We have represented on each campus individuals who are a part of the JSU. The Hillel JSU office is on BCC Central Campus. Everyone is welcome! For further information, call Nancy Tobin, Hillel-JSU Director, at 921-8810.

### CHURCH OF CHRIST CAMPUS MINISTRIES

Contact Maureen Dinnon, Central Campus, 475-6630.

### AGAPE CAMPUS MINISTRIES

Open to all students interested in the Christian faith. Contact Reggie Smith, North Campus for further information.

## **SCHOLASTIC HONORARY ORGANIZATIONS**

### **DELTA PSI OMEGA**

Drama Honor Organization. Contact the Theatre Department, Central Campus for further information.

### **PHI THETA KAPPA**

Phi Theta Kappa, a National Scholastic Honor Society, recognizes intellectual achievement in American Junior Colleges. There are over 500 chapters located within the fifty states, District of Columbia and Puerto Rico. The purpose of Phi Theta Kappa (PTK) is to promote scholarships, develop character and cultivate fellowship among students. PTK gives recognition to those students who have demonstrated exceptional performance and gives them a chance to excel in other non-academic areas in state and national conventions. Invitations for membership into this elite society depends on students maintaining high cumulative grade point averages.

## **SORORITIES - FRATERNITIES**

### **BETA EPSILON PHI SORORITY**

Beta Epsilon Phi is a social and service organization that has been on campus for 18 years. Student activities, Intramurals, fund raising, community service projects and social functions are just a few of the activities in which we participate. If interested, contact us at the Student Activities Office.

### **TAU KAPPA EPSILON FRATERNITY**

BCC's only National Fraternity, promoting academics, participation in college activities and friendship. Contact Student Activities for more information.

## **PROFESSIONAL AND ACADEMIC GROUPS**

### **FLORIDA NURSING STUDENT ASSOCIATION (Formerly SNAF)**

For more information contact the sponsors in the Nursing Department on South Campus.

### **DECA (DISTRIBUTIVE EDUCATION CLUBS OF AMERICA)**

DECA (DEX — Delta Epsilon Chi) is the Junior College Division of DECA. Their primary objective is career development. Comprised mostly of business, marketing and fashion students, all are welcome. It is the largest student organization in participation and travel. Central Campus contact Richard Goodwin and Jack Sheeks (Fashion: Laura Retz). North Campus contact Paul Ricker, Bldg. 56.

### **AMERICAN STUDENT CHAPTER — AMERICAN INSTITUTE OF ARCHITECTS**

This is the BCC Student Chapter, open to all interested students, not just Architecture majors. The chapter participates in many student architecture contests, sends delegates to the national AIA each year, and participates in community projects as well. The advisor is Mario Cartaya, please contact him in Building 13, Central Campus, for further information.

### **ETA PHI CHAPTER — ALPHA ETA RHO**

International Aviation Fraternity open to men and women enrolled in any of the college aviation programs. Contact department head or the flight training coordinator.

### **PHYSICAL THERAPIST'S ASSISTANTS CLUB**

The Physical Therapist's Assistant Club was established for the purpose of engaging in community services and expanding the PTA students basic knowledge by sponsoring several guest lecturers. Examples of past projects; involvement in Kiwanis-sponsored Houses for the Handicapped, securing speakers from the fields of Neontology, muscular dystrophy and home health.

The PTA Club expects to continue to expand in its community involvement in the future and to become active in fund raising projects which would enable the members to attend PTA sponsored seminars and conferences. For more information, call Sue Edlestein in the Allied Health Building at 475-6770.

### **HOTEL SALES MANAGEMENT ASSOCIATION (HSMA)**

HSMA of BCC is the only student organization on campus that provides students majoring in the Hospitality field "Hands-on" catering experience. Members participate in actual catering functions which give them a realistic insight into the food service industry. For more information, contact Mr. John Bailey at 475-6892.

# STUDENT ACTIVITIES CALENDAR

# MORE GENERAL INFORMATION

## LIBRARY

The college Libraries exist to collect printed material to help with assignments and to provide a quiet place for students to study. Students are welcome to make recommendations for the purchase of books.

The staff attempts to maintain an atmosphere of scholarly endeavor in the reading rooms and discourage talking of any nature. Where library space permits, the library provides a conference room for students needing to study together for class assignments such as speech assignments, accounting problems, group presentations and similar projects clearly related to class work.

Early in each term, the library staff conducts an orientation in the use of the library. Times and dates of these presentations are posted and are announced in the English classes. The orientation is designed to show students where to look for basic information in books, newspapers, and magazines.

Students who wish to check material out of the library must present their library ID card which is issued in the library only upon presentation of the current Fee Receipt.

Magazines are not allowed outside of the reading rooms. The library restricts borrowers to no more than three books on any one subject. Books are checked out for a specific period of time and if no other student has placed a "hold" against them, they are renewable one time, either in person or by phone.

When books are returned late, an overdue charge of 10¢ per day is charged. If a student loses a book, he should notify the library at once so the fine can be stopped. Students must then pay for the loss based on the price of the book, fines and other costs. Failure to pay a fine results in grades, transcripts and graduation being withheld until the fine is cleared.

## LIBRARY HOURS

Central Campus:

7:00 a.m.-9:45 p.m., Monday through Thursday  
(9:00 p.m., Term III)

7:00 a.m.-5:00 p.m., Fridays

2:00 p.m.-6:00 p.m., Most Sundays Term I and II

South Campus:

7:30 a.m.-9:30 p.m., Monday through Thursday

7:30 a.m.-4:00 p.m., Friday

9:00 a.m.-5:00 p.m., Saturday

1:00 p.m.-5:00 p.m., Sunday

The South Regional/BCC Library on the Judson A. Samuels - South Campus opened in October 1983 with a combined collection of over 100,000 volumes. Constructed cooperatively by the County library system and the College, this \$5,000,000 facility more than meets the needs of a growing area of the County and the newest and fastest growing campus in the College. Through the South Regional Library and the County library card, students have access to the materials of the entire County library system.

North Campus:

7:30 a.m.-9:30 p.m., Monday through Thursday

7:30 a.m.-4:00 p.m., Friday

## MILITARY SCIENCE/ARMY ROTC

Army ROTC (Reserve Officers' Training Corps) is a program that provides college-trained officers for the U.S. Army National guard and the U.S. Army Reserve. It is open to any full-time student, male or female, attending Broward Community College who is between the ages of 18 and 26 years of age (up to age 28 years for veterans). ROTC enhances a student's education by providing leadership and management experience found in few other college courses. This training helps students develop self-discipline, physical stamina, and poise - qualities basic to success in any worth-while career. Students can earn a commission as a Second Lieutenant in the U.S. Army (Active, Reserve, or National Guard) while earning their college degree.

Subjects (1 credit hour each) cover the areas of management principles, national defense, military leadership development, military courtesy, discipline, and military skills. Uniforms and necessary military science textbooks and materials are furnished at no cost to students. Other activities, in conjunction with Military Science, offered at BCC Central Campus are ROTC Raiders (tailored after the U.S. Army Ranger Program); Rifle Marksmanship (given at Pistol range in Criminal Justice Building); and weekend training exercises.

For further information, call Major Miritello (Building 65, Room 250) at 475-6635 (Central) or 284-4673 (University of Miami).

## **GENERAL EXPECTATIONS**

1. The student, upon admission, agrees to abide by all College regulations contained in the College Catalog and the Student Handbook as well as local, state and federal law. In addition, students are expected to exercise common sense, good taste (consistent with contemporary standards of the College Community), and applied reason in their quest for an education.
2. Students are expected to prefer fact to opinion and to commit themselves to genuine enlightenment rather than to inflexible adherence to limited knowledge.
3. Students are expected to respect the rights and welfare of other members of the College Community.
4. Broward Community College, like most institutions of higher learning, recognizes that a thoughtful and reasoned search for truth can be conducted only in an atmosphere free of intimidation and coercion. Consequently, violence, and threat of violence, disruption, intimidating or jeopardizing actions are unacceptable to the academic community. Students are expected to examine critically, analyze and otherwise evaluate the college, its programs, and policies and procedures utilizing the processes which appeal to reason and do not compromise the academic climate, mission or integrity of the institution.
5. Students are expected to assume full responsibility for their individual and collective actions and to participate seriously and purposefully in campus life.

## **ADMISSION TO BROWARD COMMUNITY COLLEGE**

Broward Community College recognizes and practices the concept of freedom of access to higher education within the context of the nominal admission requirements contained in the College Catalog. Prospective students are assured that applications for admission will be judged in a fair and impartial manner, using consistently applied established criteria.

## **STUDENT RECORDS**

The nature of an educational institution requires that records be kept. However, students are assured that no record shall be made or retained unless there is a legitimate need for the information contained therein. The confidentiality of a student's academic record will be protected and information

will be released only to authorized members of the College Community. Of course a student shall have the right to inspect his own official transcript and to authorize the College to release information to extra-College sources.

Information of a counseling or non-academic nature shall not be made available to any extra-College person without written authorization from the student except in the case of applicable federal and state laws and court orders which compel the release of information or in cases that involve the safety of persons or property. Information of this type may be released to faculty and administration on a need-to-know basis in circumstances in which the student's development or welfare might be facilitated.

## **STUDENT ACADEMIC FREEDOM AND RESPONSIBILITY**

Students are free to take reasoned exception to data and views offered in the classroom and to reserve judgement about matters of opinion, but that are responsible for learning the content of any course for which they are enrolled.

The student has a right to a course grade that represents the instructor's professional judgement of his performance in the course without personal prejudice and to protection against improper disclosure of information concerning his grades, beliefs, or character which an instructor acquires in the course of his professional association with the student. Judgements of ability and character may be provided under appropriate circumstances, normally with the consent of the student.

The student is responsible for classroom behavior which is conducive to the educational process and for achieving standards of performance established by the instructor.

The instructor has final authority in all matters relating to course content, grading practices, and classroom procedures, consistent with the philosophy, purposes, and established policies of the College. A course grade is the final responsibility of the instructor. In the matter of grading it is, therefore, essential that each faculty member keep each student informed of his progress in a course.

If a student feels that he has been unfairly graded in a course, he may informally appeal to the instructor and then to the department head. If the complaint is not resolved, he may then appeal without prejudice to this position to the division chairperson, and to the Campus Dean of Academic Affairs. Final Appeal, in writing, may be made to the Academic Standards Committee of the College.

## **ACADEMIC INTEGRITY**

Academic work submitted by a student to his instructor is assumed to be the result of his own thought, research, or self-expression. Further, when a student borrows ideas, wording, or organization from another source he is expected to acknowledge that fact in the appropriate manner. Plagiarism is unacceptable to the College Community.

## **STANDARDS OF CONDUCT**

As a member of the College Community, a student is expected to act responsibly in all areas of personal and social conduct. In addition to the general expectations included elsewhere in this document, students are expected to observe the academic and behavioral regulations found in the College Catalog and this Handbook.

Violations of the standards of conduct contained herein will, in most cases, be treated as College disciplinary matters. However, in certain situations the application of civil and criminal law and/or the injunctive process will be employed in order to preserve the system of order and freedom necessary for the maintenance of an educational environment. Any individual or group action which results in or threatens denial of any of the following may result in the application of civil or criminal law or an injunction: Destruction or illegal occupation of College property; trespass; personal jeopardy to any member or guest of the College Community.

Offenses involving theft, the use or possession of firearms, lethal weapons, drugs and alcoholic beverages are essentially civil matters which address themselves to the discretion of local, state, and federal authorities, but may subject the possessor or user to College discipline when such offenses and their effects adversely interfere with the well being of, or reflect on, the college or members of the College Community.

The College specifically prohibits, on campus, the possession, sale exchange, consumption or giving away of any beverage of alcoholic content; any stimulant, depressant, narcotic or hallucinogenic drug or agent having potential for physical or mental abuse, except on prescription by a physician or dentist. Florida law requires the automatic expulsion of a student who is adjudicated guilty of lawful possession of any narcotic drug, central nervous system stimulant, hallucinogenic drug, or barbituates.

The College also prohibits the possession or use of firearms, fireworks, or lethal weapons on campus.

The possession or use of any such device may result in disciplinary action by the College. In no event, however, shall the individuals' status as a student protect him from his responsibilities to the applicable local, state or federal laws.

Students and faculty at this college have the right to an atmosphere free from any adverse effects of cigarette smoke. Therefore, the following areas are designated as non-smoking throughout the college: classrooms, restrooms, hallways not accessible to open air, elevators, libraries, laboratories, conference/seminar rooms, and all other areas so designated by signs posted by college authorities. Any person wishing to report a student or faculty member in violation of this policy may do so by making a report in writing to the Dean of Students of the campus on which the infraction occurred.

## **ANTI-HAZING POLICY**

Broward Community College prohibits any acts of hazing on or off campus by individual students, student groups; or organizations or any other individuals or groups associated with the College.

The College defines hazing in a manner consistent with Florida Law 81-263 as follows:

Any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of Broward Community College. Such term shall include, but not be limited to, any brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or any other forced physical activity which could adversely affect the physical health or safety of the individual, and shall include any activity which would subject the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct, or any other forced activity which could result in extreme embarrassment or which could adversely affect the mental health or dignity of the individual. Any activity as described above upon which the initiation or admission into or affiliation with a community college organization is directly or indirectly conditioned shall be presumed to be a "forced" activity, the willingness of an individual to participate in such activity notwithstanding.

The enforcement of this policy shall be the responsibility of the Vice President for Student Development who shall promulgate and distribute specific rules at least once each academic year in a manner

consistent with College policy. Additionally, each student organization at Broward Community College shall adopt by-laws which specifically declare intent to adhere to this policy.

Individual's who violate this policy shall be subject to the disciplinary procedures and penalties outlined in Policy 6Hx2-5.06 and Procedure A6Hx2-5.06.

Organizations or other College groups who are accused violating this policy shall be afforded a hearing before the College Discipline Committee. In the event guilt is determined the committee may recommend monetary fines, suspension of campus privileges, suspension of all activities or expulsion of the organization from the institution.

## **SEXUAL HARASSMENT**

The policy on sexual harassment defines such sexual harassment and the following procedures set forth the conduct personnel shall observe in preventing or in dealing with instances of sexual harassment:

Within the College, a supervisor, faculty member, or administrator, who uses implicit or explicit coercive sexual behavior to control, influence, or affect the career, salary, or job of an employee, or the grades, recommendations, or class work of a student is engaging in sexual harassment. Similarly, an employee of the College who acts in this manner in the process of conducting College Business is engaging in sexual harassment. In addition any faculty member, staff, or administrator who participates in deliberate or repeated unsolicited verbal comments, gestures, or physical contact of a sexual nature which are unwelcome and interfere with the work productivity of an employee or academic performance of a student is also engaging in sexual harassment.

It is not the intent of the college to regulate the social interactions or relationships freely entered into by employees that do not affect or interfere with an employee's job performance.

## **DISCIPLINARY PROCEDURES**

The administration of student discipline is flexible and is essentially consistent with the philosophy and education objectives of Broward Community College.

In those cases not likely to result in a termination of the student's relationship with the College, the Vice President for Student Development shall have responsibility for the administration of student

discipline and may impose varying degrees of disciplinary probation. Disciplinary probation may include any or all of the following sanctions:

Written reprimand, loss of certain campus privileges, including participation in inter-collegiate and intramural activities, student organizations, student government, entry on permanent record, compulsory class monetary fines, penalty work hours, and/or notification of parents if the student is under 18 years of age.

A student who is not satisfied with the imposed disciplinary probation may appeal within three school days, in writing, to the College Discipline Committee. In more serious cases, likely to result in suspension or expulsion of the student from the academic community, the discipline committee shall have primary authority.

In all cases the Vice President for Student Development shall decide whether a case is to be handled by the College Discipline Committee.

In cases in which a student's physical or emotional safety is jeopardized, or when the general safety of other members of the College Community or College property is threatened, or when the orderly progression of the lawful educational objectives of the College are jeopardized, the student may be removed from the campus community by the President or his designated representative pending a hearing.

In all cases, the right of the students and of Broward Community College shall be protected. The following procedures are designed to provide for this protection:

## **DUE PROCESS**

1. The student shall be notified, in writing, that he is accused of a violation. Notice shall contain a detailed description of the charges, a list of witnesses, if any, and the date, time, and place of hearing. The hearing shall be held no earlier than 48 hours from the date of notice. In some cases the student may waive his right to a hearing and elect to accept the decision of the Vice President for Student Development. In such a case the student will sign a statement waiving both the hearing and his right to appeal the decision.
2. The student may continue to attend classes and College activities until the hearing is held and pending appeal at the discretion of the President.
3. The student is entitled to be present at the hearing and to have an advisor of his choice.

4. The student may ask questions of any College official or witness at the hearing and may introduce any evidence relevant to his case.
5. The College reserves the right to conduct the hearing in a formal or informal manner and may follow any procedure which incorporates fair play and the elements of due process.
6. The student may request a written report of the results and findings of the hearings. Such a report shall be issued within 48 hours.
7. The College will keep a record of the proceedings which will be made available to the student in the event of an appeal.
8. Any student who is suspended or expelled from Broward Community College by the Discipline Committee shall have the right to appeal said decision to the President. Any appeal must be made in writing and in all cases shall be filed no later than the fifth school day following the student's receipt of the Committee's decision. Within three days after receipt of an appeal, the president shall appoint a three member ad hoc Appeals Committee composed of interested faculty who shall inquire fully into the case and make a recommendation to the President. In some cases the ad hoc committee and/or the student may elect to proceed de novo, thus affording the student an opportunity to present his case in full for a second hearing. In all cases the elements of due process described above shall apply. The President's ad hoc Appeals Committee, after a full and complete review and investigation, shall make its recommendation to the President and he, in turn, will render a decision within three days.

Any student who is still dissatisfied may file an appeal, through the President, to the Board of Trustees. The decision of the Board of Trustees shall be final.

### **STUDENT ORGANIZATION AND CLUBS ON CAMPUS**

Students enrolled at Broward Community College are free to join associations which promote their common interest so long as:

1. The policies, purposes, and principles of the organization are consistent with, and not inimical to, the general philosophies and principles of free institutions in a democratic society such as the United States.
2. Membership in the organization is open to all bona fide students at the College without respect to race, creed, or national origin.
3. A statement of purpose, criteria for membership, rules or procedures, and a current list of officers is filed with the Director of Student Activities.
4. The membership, policies, and actions of the organizations are determined by vote of only those persons who hold bona fide membership in the College Community.
5. A faculty advisor is selected whose name is filed with the Director of Student Activities.
6. The organization is in compliance with the general and specific policies enumerated in this document and elsewhere in this Handbook.

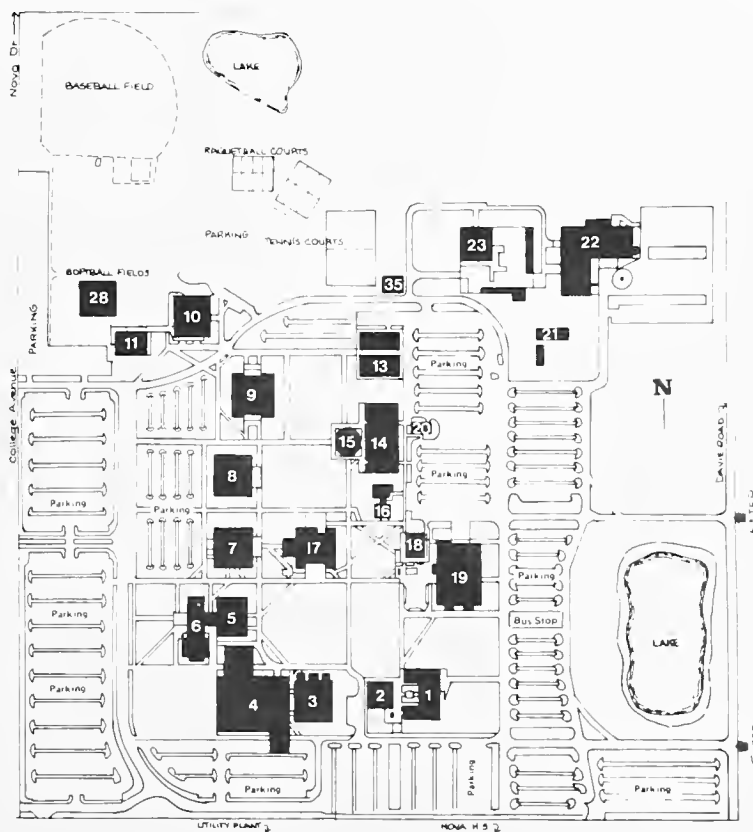

The College will insure that students and student organizations remain free to examine and discuss all questions of interest to them and to express opinions publicly and privately.

Organizations are free to invite and hear any person of their own choosing provided: 1) They have funds in advance to defray expenses; 2) Reservations for facilities are made through appropriate channels; 3) The program is consistent with established policy as well as the thrust of this document.

Organizations are always free to support causes by orderly means (consistent with the guidelines contained in this document) which do not disrupt the regular and essential operation of Broward Community College. At the same time, it should be made clear to the academic and the larger community that in their public expressions or demonstrations, students, student organizations, and guest speakers represent their own views. Broward Community College neither sanctions nor endorses the expressions or viewpoints represented.
